

ALL BANKS WILL BE CLOSED MONDAY

Washington's Birthday Will
Be Generally Celebrated.

BY CITIZENS OF WICHITA

Railroads Will Not Receive
Any Shipments.

The various departments of the municipal, county and state offices will be closed tomorrow, Washington's birthday, with the exception of the police and fire departments, which of course will be open all day and the postoffice, which will be open from 9 to 11 in the morning.

Holidays do not come very often for the employees of the government and when they do come the opportunity to rest is eagerly grasped.

The day will be pretty generally celebrated in Wichita. In fact, considerably more so than has been usual for some time. The public school children will be given a whole holiday. The railroad offices will be closed and no freight will be delivered or received.

The banks, at a meeting of the clearing house yesterday, decided to keep closed doors throughout the day and all other principal places of business will be shut up.

ALLEGES ABANDONMENT.

Elvira Reeder Asks Court to Grant Divorce.

Elvira Reeder versus Levl M. Reeder, is the title of a new divorce suit, which was filed yesterday afternoon in the district court.

The plaintiff states that they were married March 27, 1895 at the court house in Wichita. She alleges that the defendant has been guilty of gross neglect of duty, in that he has refused to provide her with the necessities of life. That on February 12th he abandoned her and left the city, that his whereabouts are unknown to her, though she believes that he has left the state.

She declares that at the time of her marriage she was the owner of a small property on Cleveland avenue, and that she occupies the same as a homestead. She prays the court for a divorce, the restoration of her former name of South, and that the defendant may divested of any claim or right to an interest in the said property, which she now occupies.

Bentley and Hatfield are the attorneys for the plaintiff.

APPLICATION IS FILED.

Plaintiff Asks that Order Be Set Aside.

In the case of Myrtle Cole versus S. M. Cole, in the district court, an application was filed by the plaintiff yesterday in which she asks that a recent order of the court, in connection with the case, be set aside.

The order was one in which permission was granted S. M. Cole to visit the two-year-old child, Cyril, who is with her mother at the home of J. M. Bishop, in Mt. Hope.

The plaintiff states that, since the commencement of the suit, the defendant has failed and refused to pay the plaintiff any money, and that she is thereby compelled to live with her father, who supports her and the child. She further states that the defendant and her father are not on good terms, and the father refuses to permit him to come to the house. She also declares that he follows her about the city of Mt. Hope, and she is afraid he will kill her, as he always carries a revolver and has assaulted other people, and she is afraid he will assault her. She therefore asks that the defendant be enjoined from visiting the child at her father's house until after the termination of the suit.

ANOTHER CROWD ATTENDED.

George Bergman Will Wrestle With Bear Monday.

According to a report received at the Eagle office early this morning, George Bergman has kindly consented to wrestle with the big bear belonging to Ship's circus at the performance Monday evening.

But few entertainments ever given have been such a grand success as that of Ship's Indian Circus given under the auspices of the Elks and to say this attraction gave satisfaction entire and complete, has been proved by the large audience each of the four performances have been presented to, very performance has been so crowded that a great many people have been turned away, so far all who have had a desire to attend the circus, and have been able to attend, a special matinee and a performance will be given Monday. The circus is a whole good deal better. There is nothing every feature the large outdoor circus have and the most pleasing thing is, one gets to see one act at a time like the old time circus, the up-to-date shows of the present day have so much going on at one time that when one talks to a friend, he finds that he misses about half of the performance. The Elks family have made a decided hit, their acrobatic work is marvelous and in the last act in making the flying leaps from one trapeze to another, is wonderful, such a display of skill, grace and courage is seldom seen. Milo, America on the flying rings does many daring and difficult things. Miss Julia Lowande, the queen of equestrianism is fine. John and Carrie Roemer in their double vaulting exhibition would be hard to head out. Signor Ponsel and his educated Russian bear are a feature of the entertainment. In fact there is not a new champion in their respective lines of work, and not one single act failed to receive a tremendous applause. In speaking of their visit here Mr. Ship said:

NATIONAL MENTION.

Millison Office Supply Co. Have Written up in Stationers' Trade Journal. The American Stationer published weekly in New York and Chicago in their February 12th issue, make mention of the New Year's Greeting issued by the Millison Office Supply Co., giving illustrations of the interior of their store and reproducing some of the engravings, praising the arrangement and large stock carried in a town the size of Wichita. They give a full page write up and it is certainly a credit to a Wichita firm to receive so prominent notice in such a journal.

Master Keach, the young son of Mr. and Mrs. O. A. Keach, is figuring on an elaborate celebration of Washington's birthday today. He is a relative of the country's one-time president, through his mother, who is a native of Virginia.
